Gentlemen

Yours with the piece Atlantic cable recd. I have been delayed in getting off balance of coin, but will send it today per Express. I am certain you will find this lot more interesting than the first. In regard to the counterfeits please keep them together until I see you again, I am inclined to leave them with you but would like to see what they are. — Should like to have you take out the gold as you suggest that is only worth exchange value

and send check for same. Also please return per Express such coin as will not pay to put in Auction, I may be able to dispose of some & can pay out balance. Possibly you may wish to retain some that you can pay me some premium, less than the 25%, if so shall be glad to have you do so. I have a boy of 12 years & I intend to start him collecting, I can with what you return give him a good lot of copper & silver, that will interest him, although he would not have the scarce pieces, (unless they are poor specimens to be returned) I will send you ~~tomorrow~~ in few days per Ex one of the coin cases.

I have another just like it which I could send if wanted, but unless I can get good price will keep it for my boy. I enclose key to case to be sent. I have retained some medals as I may decide to put some medals in our Museum here, I will send balance probably in the case to be sent.

My uncles name was
Elisha Turner
